Dear Sir/Madam,

RE: PROCUREMENT TRAINING FOR COMMITTEES, USER DEPARTMENTS AND PROCUREMENT PROFESSIONALS, 29TH SEPTEMBER-1ST OCTOBER; MERICA HOTEL, NAKURU.

Effective acquisition of operational inputs, technical support and/or advisory services is achieved through the principle of shared responsibilities within multi-disciplinary teams. This approach is the basic building block for sustainable risk management, internal checks and controls; and the realization of outstanding performance of the procurement function. Bidding processes and subsequent supply contracts get aligned to corporate objectives and global standards when rights, mandates and duties of all procurement actors are well documented and supported. This training seeks to demonstrate the value and strategic impact gained through the actions, decisions and contributions by all players in the procurement cycle.

You are invited to attend and, or nominate staff to participate in this workshop. Use the link below to book your space at the workshop.
