

MOTION 1

Andrew Juma Malala

I intend to move 4 motions at the AGM, even though it is not a requirement as per the communication shared to membership, here are the 4 motions to be tabled at the AGM.

1. Suspension of 2 Council Members for misuse of KISM resources and suspected abuse of office.
2. Compelling Secretariat to Support Formation of SP Union of Kenya.
3. Amendment of Elections Regulations for Council Elections.
4. Declaration of expenditures not approved by members through member participation in budget process illegal.

Let me know ones they are scheduled in the agenda with clear time allocation for each motion to allow me articulate each in detail.

MOTION 2

George Ochola

I propose a motion to be moved on qualification document verification for membership and licensing admission. That, the secretariat through the council be mandated to seek the authenticity in writing of academic and professional certificates submitted by intending members and licensees directly from the institutions purported to have issued them and/or with help of other government agencies like DCI, EACC, etc. This is to replace the current method of Commissioner of Oath. It will curb the tendency of admitting on the basis of the falsified documentation which is rampant based on audit reports from PSC, EACC and NPS. It will reduce the chances of KISM being accused of negligence and failing to carry out background checks within its membership ranks.
