The Training of Trainers (ToT) workshop at KISM effectively developed a pool of skilled trainers. By empowering experienced trainers to mentor less experienced colleagues, the workshop fostered a culture of continuous learning and development.

The primary goal of the workshop was to enhance the skills and knowledge of trainers, improve training quality, and build a sustainable pool of trainers. The workshop achieved these objectives, resulting in increased trainer competency, a strengthened trainer network, and enhanced organizational capacity.

To further strengthen the ToT program, KISM is recommended to

regularly conduct workshops, provide ongoing support to new trainers, and expand the range of training topics. By investing in human capital development through this program, KISM has contributed to its overall success and growth.

Present to grace the training was Mr. John Karani – KISM Chairman, KISM CEO – Mr. Kenneth Matiba, CILT International President, Chief Teete Owusu-NORTEY FCILT.
