Dear Sir/ Madam,

TRANSFORMATIVE SUPPLY CHAIN LEADERSHIP AND STRATEGY FOR THE C-SUITE, FROM 25TH TO 29TH MAY 2026 IN KIGALI.

The Kenya Institute of Supplies Management (KISM) is the national body for professionals in procurement and supply chain management in Kenya. The Institute's mandate is derived from the Supplies Practitioners Management Act No. 17 of 2007.

C-level roles require extensive experience, proven impact, and a specific set of leadership skills. Supply chain professionals, in particular, face additional challenges due to the common perception of the function as purely operational and a cost center.

This leadership course is designed to equip current and aspiring leaders with the essential principles, skills, and mindset required to lead effectively in today's dynamic and complex business environment. The strategic positioning of the supply chain profession as a value driver in organizations will be highlighted. Through a blend of interactive sessions, video-based learning, group discussions, and practical case studies, participants will explore leadership fundamentals, self-leadership, C-suite dynamics, stakeholder management, and high-performance team building. The course also emphasizes contemporary leadership challenges such as sustainability, social responsibility, and change management, enabling participants to lead with purpose, resilience, and strategic impact.

This training targets Accounting Officers, CEOs, CECMs, Directors, COOs, Senior & mid-level, managers in procurement and supply chain management, Senior Warehouse and Logistics Managers, Finance managers and heads of directorates and departments, All other aspiring leaders in Supply Chain Management and other sectors.
